ABOUT ME

I am a software engineer with a special love for flutter. I absolutely love to develop mobile apps (I try to include them in every project I touch) and backend development. My goal is that, in the future, I can look back and really believe I have accomplished something meaningfull and still had fun doing it.

EXPERIENCE

BEST Aveiro

📅 11 2019 – 06 2021   📍 Aveiro, Portugal

- Main organiser of the Local Event on Education 2020 which was intended to promote communication between the university and students to improve Quality of Life
- IT Responsible at EBEC Aveiro 2020. Website development and full implementation of the Android mobile app.

.NET Core and Flutter Developer | Universidade de Aveiro

📅 02 2021 – 12 2021   📍 Aveiro, Portugal

- Development of a manager of user permissions for room reservation using .NET Core, along with a mobile app which allowed members of the university to book classrooms.

EDUCATION

Msc Informatics Engineering | Universidade de Aveiro

📅 09 2021 – Now   📍 Aveiro, Portugal

- First year student

Bsc Informatics Engineering | Universidade de Aveiro

📅 09 2018 – 07 2021   📍 Aveiro, Portugal
